COMPANY OVERVIEW

GUSCOM AG was founded in 2003. A team of IT-, Food- and Beverage and Retail specialists have developed our product guscom.POS, guscom.SHOP and guscom.MOBILE. The software was adapted to the requirements of gastronomy and shops of all kinds. Our customers include hotel chains, flower shop chains, bakery chains and wellness businesses. Customers also have access to a number of additional modules such as time recording, voucher module, kitchen monitoring and several interfaces to other systems. In 2007 we founded a subsidiary in Belarus and serve the Eastern European market.

INTEGRATION OVERVIEW

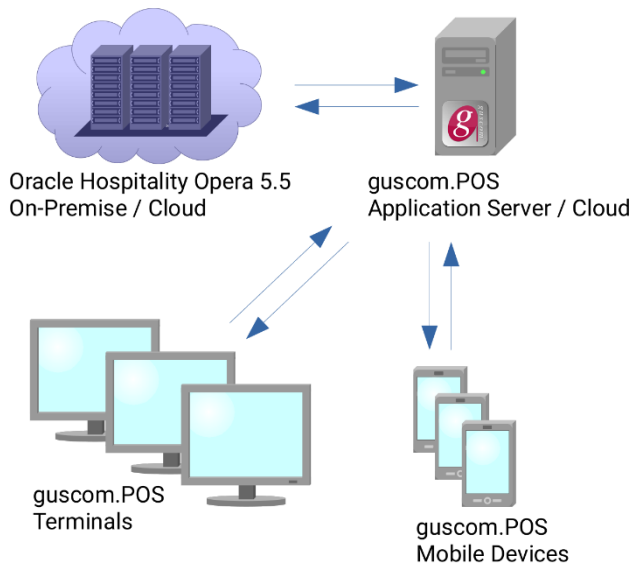

guscom.POS interface to Oracle Hospitality Opera Cloud fulfills all requirements of OPERA HGBU-IFC8-XML_POS Interface Specification and is based on the agreement with Oracle Hospitality. The data exchange is constantly monitored and logically checked. All transactions are permanently logged to ensure transparency and quality. We continually are in contact with Opera Integrations Team.

INTEGRATION DETAILS

The interface enables the following:

- Send Inquiries to Oracle Hospitality OPERA PMS to check room occupancy. Inquiries can be done by: Room number, Guest name or Track2 data (Keycard ID).
- Send room postings to Oracle Hospitality OPERA PMS.
- Oracle Hospitality OPERA PMS transaction code selection available by: Revenue Center, Serving Time, Sales Itemizers (article's group), Payment Method
- Send Cash or Credit card postings to Oracle Hospitality OPERA PMS.
- Ability to handle "NoPost" flag and "CreditLimit" received from Oracle Hospitality OPERA PMS.
- Handles individual postings for each occupant in the room.
- Posting of covers.
- Void of a previous posting.
